

International Workshop on Effective Field Theories: from the pion to the upsilon 2-6 February 2009 , Jardí Botànic, Valencia (Spain)

Third and Last Bulletin

1. Registration

On Sunday 1st February the Registration for the EFT09 workshop will be open at the NH Center Hotel from 18.00 until 21.00. Some appetizers will be served from 19.00 on.

The fees of the Workshop amount to **320 Euros**. This includes the welcome party on 1st February, lunches, coffee breaks, a lyric concert on 3rd February and the social dinner on 4th February. Accompanying persons that wish to attend the meals should pay an amount of 60 Euros for the lunches and 60 Euros for the social dinner.

Please remember that we can accept only cash (in Euro) for the registration. We would be very grateful if you bring the exact amount.

For those not arriving on Sunday the registration will continue at the Botanical Garden site from 8.30 until 9.00 on Monday and during the first coffee break.

The EFT09 workshop will start on Monday 2nd February at 9.00 and will end on Friday 6th February around 15.00.

2. Speakers (**Important!**)

We remind all speakers at the EFT09 workshop that the allotted time **includes** some time for discussion. Therefore please do not be tight with your talks. Give an easy time to the Chair.

Speakers can submit the slides of the talks to the INDICO system by login first and then looking for their talk along the programme. We encourage speakers to download the talks prior to arrival. In case of problems you can also e-mail your talk to eft09@ific.uv.es.

3. Sites

On our web site (<http://ific.uv.es/eft09>), under the link *Maps*, a series of pdf files indicating the way to reach both the NH Center Hotel and the Botanical Garden, from the rest of workshop hotels are available.

4. Weather in Valencia

Winter Mediterranean weather happens to be rather variable. Temperatures run from 5° C (41° F) at night up to 17° C (63° F) at midday. Be aware that we could have some rain.

5. Wireless connection to Internet

The University of Valencia participates in the project **Eduroam** (<http://www.eduroam.org>). The Botanical Garden supports accordingly this facility. If your home institution takes part of that project we encourage you to set your laptop before arriving to Valencia. The connection will be automatic.

For those participants that do not have this later possibility please follow instructions in our web page (<http://ific.uv.es/eft09>) under the link *Wireless connection*.

6. Proceedings

All presentations will be collected in the proceedings (to be published by Proceedings of Science, PoS). The deadline for submission will be 30th March 2009. Further information will be posted in our web page.

7. Last minute

Incidences and announcements related with the workshop will be posted at the link *Last minute* in our web page (<http://ific.uv.es/eft09>).

8. Important dates
