

# How to get to Hotel Opera, Aqua4 and Aqua3

## ***From the Airport***

The most comfortable option is a taxi. Taxis are not too expensive in Valencia (see the Appendix).

The three hotels are located in C/Menorca. Note that C/ means street.

You can take the underground lines 3 or 5 at the airport and stop at Xativa/Renfe. Get out of the underground station, cross the street towards the red marker in Figure 1. There you should take bus line 19 direction La Malva-Rosa.

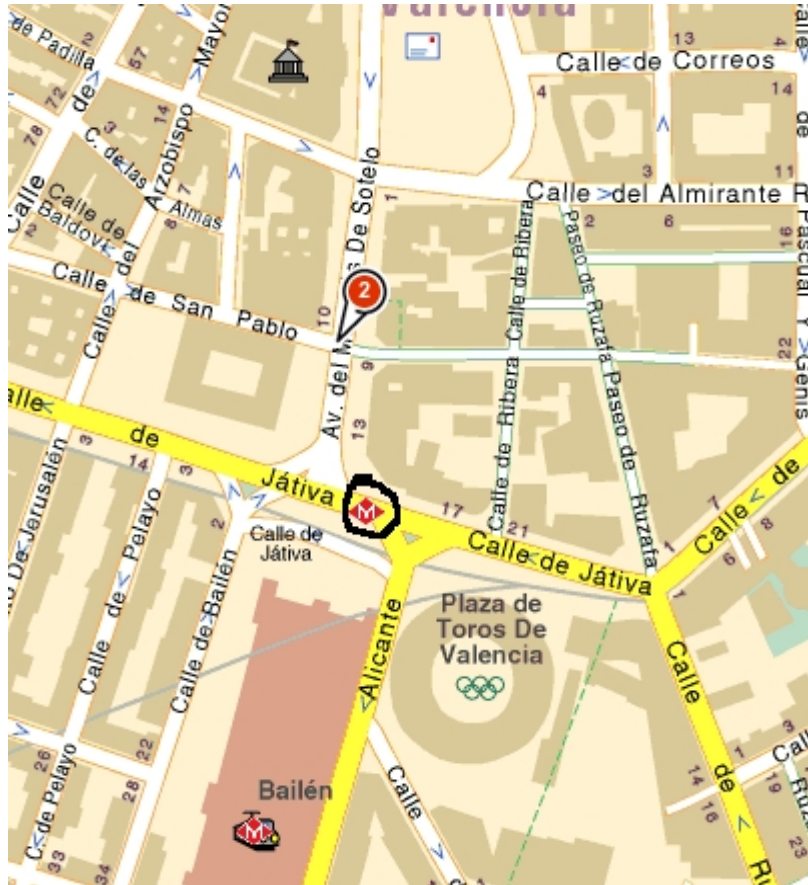

Figure 1: Get out of the metro station (black circle) and walk to bus line 19 (red marker).

Continue in bus line 19 until Avenida de Francia, get out there and walk to the hotels. See the map in Figure 3-left.

## ***From IFIC***

Consider a shared taxi as a good option.

You can also use the tram and the underground. Take the tram at TVV, stop at Empalme. There take the underground line 1 direction Torrent or Torrent Avda. Stop at Angel Guimera and there take line 3 (red) direction Rafelbunyol or Renfe or Palmaret and get off at the next stop, which is Xativa/Renfe. Then take bus line number 19 as explained on how to get to the hotels from the airport (Figure 1).

## How to get to IFIC

### *From the airport*

The best option is a taxi. It will take about 10 minutes and ~12 €. They will charge you 3.5€ extra for a drive from the airport to anywhere else. Ask the taxi driver to go to the local TV (Canal 9) and drop you at the red buildings that you will see from there. Unfortunately IFIC is in a street with no name...

Alternatively, if you are brave enough and have a lot of spare time you can take the underground (see the map below) lines 2 or 5 at the airport, stop at Angel Guimera, take line 1 (yellow) direction Betera or Liria and stop at Empalme. There you should take the tram line 4 (blue) direction Mas del Rosari and stop at TVV. From there you should see a red, brick made building. IFIC is there. See Figure 2.

### *From Hotel Opera, Aqua4 and Aqua3.*

Again a shared taxi can be an option. Taxis are not too expensive in Valencia (See appendix)

You can also take the bus line 19 in Avda de Francia, stop at Xativa/Marques de Sotelo, cross the road and go to the underground station in front of the train station. See maps in Figure 3.

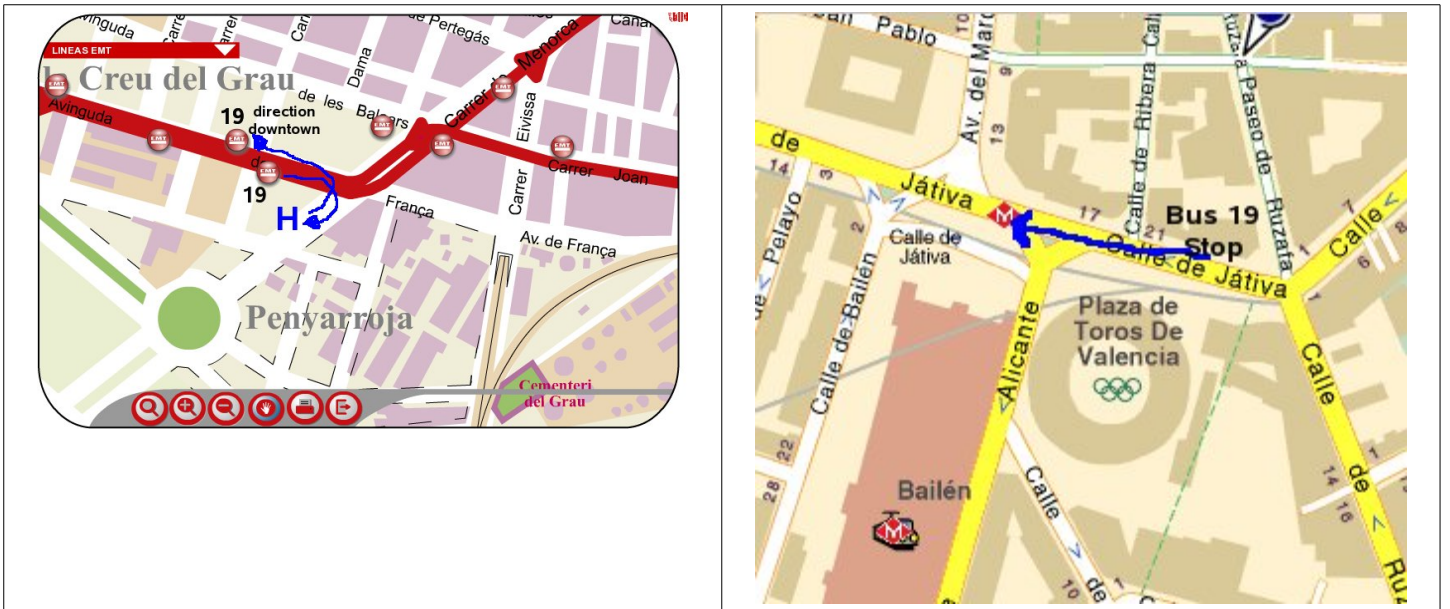

Figure 3: Left: how to take bus line 19 from the Hotel Opera. Aqua3 and Aqua4 are on the other side of the street. Right: From bus line 19 to underground station.

There take line 3 or 5 direction airport or Av. Del Cid and stop in Angel Guimerá (just the next stop). There take line 1 direction Liria or Betera and stop at Empalme. There you should take the tram line 4 (blue) direction Mas del Rosari and stop at TVV. From there you should see a red, brick made, building. IFIC is there. See Figure 2.
