

VALENCIA - PRACTICAL INFORMATION

GENERAL INFORMATION

Founded by the Romans in the year 138 BC Valencia has accumulated enormous wealth from all the cultures which have resided here over the centuries (Muslims, Goths ...) . Stroll through Valencia and feel the plurality and evolution of a city where prosperous historical tradition and recent and innovative architecture stand side by side. The historic centre with its religious temples, Gothic Baroque and Modernist monuments, the varied and renowned museums, the architectural projects such as the city of Arts and Science, and the Conference Palace are but a few of the many attractions which Valencia has to offer its visitors.

Valencia is one of the main industrial centres on the Mediterranean. It has also become a European Congress Centre as well as an important focal point for international business and trade fairs. Valencia is a cosmopolitan city and is ideal for commerce and cultural exchange. Heavily influenced by the sea since its foundation, the city of Valencia's maritime links are as strong now as they have ever been.

Thanks to this close relationship with the sea, its expertise in staging important events and the unstinting efforts of central, regional and local government, Valencia has been selected ahead of 65 other cities around the world as the host of the 32nd America's Cup. In hosting this international event in Spring 2007 Valencia will become an exceptional vantage point overlooking the Mediterranean, affording visitors an unrivalled view of the action.

This beautiful Mediterranean city enjoys a mild temperate climate and offers a wealth of gastronomical delights, festivals and cultural events. Browse through the site and find out everything you need to know about your stay
